Profile

Student, worker and self-taught in search of employment. Prepared to use my skills and passion to further a company's mission. Technologically skilled I offer all my acquired knowledge.

Education

Jan 2022 - Present	Full-Stack Developer Ucreativa, Costa Rica
--------------------	--

Certificates

Feb 2021	Network Technician Course carried out at the Central American Institute of Computing, in which I formed my bases to understand how computer networks work and have a better notion when making configurations.
----------	--

Courses

Jan 2022	React JS Training course in React JS technology, in which I learned the bases and fundamentals of said library, obtaining greater knowledge.
Mar 2022	Angular Course done on Udemy in which I learned to connect a local API and the Front-end using Angular, where I created a music player.
Aug 2020	Node.js Course conducted on the Udemy platform, in which I learned to use the Express JS framework to create an API.
